CHILSON'S New Cooking Stove.

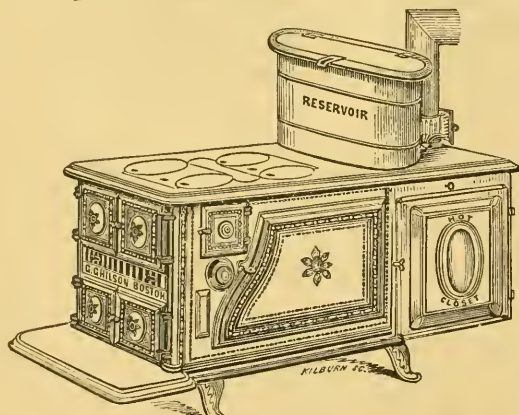

Believing that great improvements could be made in the construction and workmanship of Cooking Stoves, and that such improvements would be appreciated by the public, and feeling convinced that a long practical experience in the invention and manufacture of Stoves would enable the subscriber to be successful in the undertaking, he has devoted himself energetically

for two years to this object; and, as a result, is now prepared to show, he is happy to say, the most important improvements ever made in Cooking Stoves in the United States. This statement is fully confirmed by

the large number of Testimonials received from those who have used these Stoves the past season, and five minutes' examination of the Stove itself will further prove all that is claimed for it.

Sizes suited to all practical purposes, from that of the smallest family to the largest class of Hotels, with or without WATER BACKS, EXTENSION TOPS, HOT CLOSETS, RESERVOIRS, &c., and fitted for either Coal or Wood.

This certifies that JOSIAH GATES has manufactured, for the City of Lowell, 3,000 feet of Leading Hose, which has been in use upon our Steam Fire Engines about one year. This Hose has stood the most severe test to which Hose can be put, — that is, by use upon the Steamers, — and proves sound and satisfactory in every particular. AYER'S CHERRY PECTORAL,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced Stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorant is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

We can only assure the public that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

AYER'S CATHARTIC PILLS,

For the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn arising from Disordered Stomach, Pain, or Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Gout, Neuralgia, and for a Dinner Pill.

They are sugar coated, so that the most sensitive can take them pleasantly, and they are the best Aperient in the world for all the purposes of a family physic.

Prepared by J. C. AYER & CO., Lowell, Mass., and sold by all Druggists.

DR. CUTTER'S CHEST-EXPANDING
SUSPENDERS AND SHOULDER-BRACES.

Patented Jan. 31, 1865.

Adapted to the wear of either Ladies or Gentlemen, being alike beneficial to the health and comfort of both, are superior in style, beauty of finish, and durability, to all other Braces.

DR. CUTTER'S ABDOMINAL SUPPORTERS

Are acknowledged by the most eminent Physicians to be the cheapest and most durable supporters in the market.

We are the inventors and sole manufacturers of the renowned EUREKA SUSPENDERS, which are allowed by every one to be the best and cheapest Suspenders ever offered for sale. They are so constructed that they cannot fall from a man's shoulders, let his occupation be ever so laborious; neither do they pull the pants together behind, but allow them to hang quite natural. They do not crease the shirt bosom, as do the common Elastic Suspenders, by always slipping and falling from the shoulders; having very little elasticity in the web that goes over the shoulders, but sufficient behind to make them the most comfortable Suspenders ever manufactured.

Manufactured and sold, at wholesale and retail, by

CUTTER & WALKER,

No. 48 CENTRAL STREET, LOWELL.

☞ We also apply DR. RIGG'S PATENT HARD-RUBBER TRUSSES, which are warranted to give perfect satisfaction. Hernia, of short duration, we warrant to cure. These Trusses never wear out, always clean, and good as new. Call and examine. Advice free.

One Stone Cottage and one Log Cabin, furnished with Cook Stoves, Ice Chests, Bedsteads, Tables, Chairs, &c. Parties that wish to rough it for a long or short time can engage them, and not be disturbed by others. The grounds are cut up into pleasant drives and paths, set out with ornamental and forest trees, and scattered around are Busts and full-length Statues of the great and good, cut from solid blocks of wood, by a cunning worker in wood. Large Parties, Societies, Picnics, Military and Fire Companies, Lodges, and Clubs, that take an excursion during the hot months, will find this place free from the scum and fag ends of humanity that follow in their trail to places bordering on railroads. It is but nine years since the place was first started, but its popularity has far outstripped places much older. Its patronage has increased every year, and it is now considered an institution of this region.

STEPHEN HIGGINSON,

Agent & Attorney for the Company.

WILLIAM C. HIGGINSON, Surveyor.

This institution, one of the largest Insurance Companies in the world, was established in 1845; and the rapidity of its growth is attested by the fact that in twenty years from its commencement it has, *without amalgamation*, attained to an

Annual Fire Premium exceeding Two Millions of Dollars.

Among the causes of this unexampled success may be mentioned,

1st. The wise determination of the office, from the start, to make the entire security of the assured the paramount consideration; to which end the Reserve Fund has been annually increased, so that when the GREAT FIRE OF LONDON occurred in 1861, resulting in a loss to this office nearly reaching the ENORMOUS SUM of 400,000 DOLLARS, the surplus funds held to meet such contingencies were not only sufficient, without encroaching on the capital of the Company, but they left far more than the amount then called for yet in reserve.

2d. PROMPTITUDE and LIBERALITY in the settlement of claims have largely contributed to secure for the Royal, wherever its business extends, the strongest position in the confidence of the public. The *high character* uniformly maintained by the company in this respect has been conclusively demonstrated by its honorable adjustment of losses incurred from fires in every quarter of the globe.

GET THE BEST. WEBSTER'S UNABRIDGED DICTIONARY.

New Illustrated Edition, thoroughly revised and much enlarged.

OVER 3000 FINE ENGRAVINGS.

Of constant use and convenience in

EVERY INTELLIGENT FAMILY.

It contains 10,000 WORDS and MEANINGS not found in other Dictionaries.

Over thirty able American and European scholars employed upon this revision, and THIRTY YEARS of labor expended upon it. It is now believed to be by far the most complete, useful, and satisfactory Dictionary of the language ever published, as it is by far the largest single volume ever issued in any language.

The possession of any other English Dictionary, or any previous edition of this, cannot compensate for the want of this very full and complete one. In its present perfected state, it must long remain the **BEST ENGLISH DICTIONARY**, and, once possessed, remain of constant and abiding value.

What book, beside the Bible, so indispensable as a good Dictionary?

Containing one-fifth or one-fourth more matter than any former editions.

From new electrotype plates and the Riverside Press.
